

Lineatabs® 20 Tablet Retail Carton

**EUROPEAN
BEST SELLER**

Enjoy the food,
not the fat.

Do you enjoy "junk food" once in a while, but hate what it does to your figure?

Now you can without feeling the guilt! **Lineatabs®** offers a patented solution which helps prevent fat from being absorbed by the body*, so you can maintain your weight without having to count calories or follow a crash diet. You can enjoy your food as you normally would without having to feel guilty after every meal.

Lineatabs® features the key ingredient **Solusitan®**, a fat binding complex made of natural dietary fibers, that acts like a magnet to absorb the fat from your food.* The positively-charged **Solusitan®** fibers bind the negatively-charged fat molecules in the same way that a sponge absorbs water.* The result of the fat binding is a liquid mass which the body cannot absorb, and leaves the body through the digestive tract in a natural way, without unpleasant side effects.*

How to use Lineatabs®

Simply dissolve one **Lineatabs®** tablet in 8 ounces of cold water and drink it just before or during your meal. Note that the formula may settle. For best results, be sure to drink all of the fiber to get the maximum fat-absorbing benefits of **Solusitan®**.*

lineatabs®
with **Solusitan®**

Just one **Lineatabs®** effervescent tablet can absorb up to 14g (126Kcal) of dietary fat! *

Clinical studies have shown that the key ingredient **Solusitan®** attracts fat like a magnet and creates a liquid mass that your body cannot absorb.* Because the fat is passed through the digestive system, it won't be stored in places like the stomach, hips and thighs.* That's how you can eat what you want and enjoy it, without always having to worry about gaining weight.*

Refreshingly simple!

Just drop a **Lineatabs®** tablet in cold water and enjoy a refreshing lemon-lime beverage with your fatty meal to absorb the fat from your food! *

With Every Fatty Meal!
